PRO-ARMOR BACK

PART NUMBER	SIZES	
(20)1876157 - PRO-ARMOR BACK SHORT	XS/M - L/XXL	From Dainese—the inventor of the back protector—comes the incredibly comfortable, CE-certified Pro Armor, constructed of expanded nitrile rubber with a perforated structure and a functional, anatomical shape. The protector bends and stretches longitudinally and laterally, and it's held in place by removable shoulder straps and a removable, adjustable lumbar band.
(20)1876158 - PRO-ARMOR BACK LONG		

ERGONOMICS

Removable and adjustable lumbar band
Removable straps
4 bearings with 5 degrees of movement
Longitudinal stretch & bending
Rotational stretch
Lateral bending
Dynamic thickness
Anatomical shape on both directions

MAIN MATERIALS

Expanded nitrile rubber
Thermoplastic bearings

PERFORMANCE SHOCK

Back protector certified to CE - Cat. II
- EN 1621.2/2014 lev. 2
Funcional pattern

TEMPERATURE

Perforated structure

COLOR VERSIONS

black

PRO-ARMOR JACKET

PART NUMBER	SIZES	
(20)1876154	S - XL	Offering impressive upper-body protection in a lightweight, highly ventilated package, Dainese's Pro-Armor jacket is fitted enough that it can be worn under other apparel or riding gear. Protection is provided by EN-certified Pro-Armor armor on the shoulders, elbows and back.

GENERAL FEATURES

2 outside pockets
Reflective inserts

ERGONOMICS

Waist and Wrists adjustments
Bielastic elasticated inserts
Jacket-trousers connection loop
Elasticated inserts
Dynamic protectors thickness
Pre-curved & ergonomic protector shape

MAIN MATERIALS

Mesh fabric
Mini-net bielastic fabric at the sides
Airmet imola on the inner contact areas
Expanded nitrile rubber

PERFORMANCE SHOCK

Pro-Armor: soft protectors certified to Standard EN 1621.1 on shoulders and elbows
Pro-Armor G back protector certified to Standard 1621.2 level 2

TEMPERATURE

Breathable protectors structure
Perforated fabric

COLOR VERSIONS

001

D-CORE NO-WIND DRY PANT LL

PART NUMBER	SIZES	
(20)1915959	XS/S - XL/XXL	This base-layer pant places elasticated and breathable No-Wind membrane at the thighs and shins, and its seamless construction means there are no rough edges to rub against the skin. The fabric wicks moisture away from the body, and a bacteriostatic, hypoallergenic treatment eliminates odor.

GENERAL FEATURES

- No-Wind material on thighs and shins
- Press Structure to optimize muscle compression
- Bacteriostatic, hypoallergenic and anti-odor
- Differentiated armours
- Tear resistant and anti-pilling
- Made in Italy

ERGONOMICS

D-CABIN WHEELED BAG

PART NUMBER	SIZES
(20)1980071	N

The D-Cabin is carefully designed to comply with airline cabin regulations, with overhead-compartment-friendly dimensions and a light construction to help meet weight restrictions. The polyethylene main tub is sturdy enough to withstand abuse, and there's a single-stage telescoping handle.

GENERAL FEATURES

Large main volume with adjustable divider gives multiple packing options
 Easy clean eco-friendly PVC divider
 Molded PE Tub withstands abuse and keeps gear safe from the elements
 Single stage telescoping trolley handle
 Lightweight for greater carrying capacity on weight restricted airlines
 Front accessory pockets
 Expandable: Allows you to increase the packing space
 Dimensions: 54 cm x 35 cm x 20 cm
 Capacity: 38 L / 49 L
 Weight: 2,8 kg
 We recommend checking with your airline for the latest cabin luggage allowance
